PRESIDENT NEVADA REBEKAH ASSEMBLY PAYS TONOPAH AN OFFICIAL VISIT

Mrs. Jennie Jacobs, president of the Rebekah assembly of Nevada, paid her official visit to Desert Queen Rebekah lodge last evening. The evening was spent first in exemplifying the beautiful work of the order; later in song, speechmaking and feasting.

The hall was resplendent in pink and green—the Rebekah colors—many beautiful flowers and the green of the huckleberry being used in the decorations.

An important feature of the evening was the bestowal of past noble grand collars by the lodge. The presentation was made by the president assisted by Olive Stewart, past president of the order.

President Jacobs was made the recipient of some beautiful gifts and expressed herself as delighted with Tonopah people and Tonopah hospitality.

Those receiving collars were: Lizzie Wardle, Mattie Trabert, Mary Davis, Florence Swasey, Louise Bawdon, Grace Rychman, Emma Gregovich, Lena Bateman, Annie Crump, Ellen Nicol, Georgia Bennett, Valencia Blyden, Annie Rodinna, Ida Brann and Lottie Litta.

NEW STRUCTURE WILL BE FORMALLY DEDICATED ON EVENING OF MAY 8

The series of dances at the Airdome will be inaugurated Saturday evening May 8, with what will be known as the Springtime Dance. The Airdome will be transformed into a very bower of roses and evergreens. A full orchestra will render the music and with the large floor, 60 by 70 feet, which will be put into the very best shape at once, it will be an event to which people will look forward.

The dance was originally planned for May 1st, but owing to the fact that the Socialists have already taken that date, it was postponed. The admission to the dance will be \$1. The regular parties will be ten cents a dance.—Adv.

MAKING TESTS OF
FOOD PRODUCTS HERE

PROF. DINSMORE SAYS STANDARD IN TONOPAH IS NOW HIGHER

Prof. S. C. Dinsmore, pure food and drug inspector for the state of Nevada, is here on an official visit. While here he is making tests of milk in particular, in order to ascertain if the quality is up to the legal requirements. In times past this was not the case, but he believes that the standard has since been raised. After the first of next month there will be a special official in the field in southern Nevada and the inspection will be rigid.

While milk inspection is Prof. Dinsmore's particular errand at this time, he is also taking up other matters in connection with his office. Prof. Dinsmore said to the Bonanza:

"In view of the fact that this camp is so far removed from the sources of food supply, it is interesting and pleasing to note that the markets display such varied products and of as standard varieties as are found in any city and in an excellent state of preservation. I wish to warn dealers against the fly pest and ask them to thoroughly screen as well as to provide traps, which I am confident they will do, even without suggestion. While the fly pest may be deemed by some to be a trivial matter, it is proven without a doubt that the house fly is a carrier of disease. Early spring is the time to combat this enemy to the human race, before the multiplication of the species."

WONDERFUL PICTURE
TO BE SHOWN HERE

CABIRIA, MASTERPIECE OF THE MOVIES, TO BE EXHIBITED AT THE BUTLER

Tomorrow the patrons of the Butler will be able to see the most wonderful picture that has ever been produced to date. It is the masterpiece of the movies. The title part is the principal character of the scenario. "Cabiria" means one rescued from the flames, and Cabiria, a little girl taken prisoner during one of the battles, is sold into slavery. She is about to be offered as a sacrifice to the god Moloch, and burned alive, when she is rescued by a young Roman and his herculean Nubian slave. Her sensational escape and subsequent thrilling experiences form the substance of a story of absorbing interest. This picture was taken in several of the foreign countries and the scenes are the most beautiful that may be ever seen in moving pictures. It is stated that more people take part in "Cabiria" than any picture that has ever been produced. It is composed of a star cast. Fulvius Axilla, who takes the part of the Roman patrician, is a very striking looking actor and will be well liked by all. Don't fail to see this wonderful picture.—Adv.

IRRIGATION IN
SOUTHEASTERN NEVADA

(Continued from Page 3.)

natural flow is ascribed chiefly to improper casing. Pumping is believed to offer better prospects than artesian wells.

Other Surveys in Progress

The report is published at Water Supply Paper 365 and can be obtained free of charge by applying to the director, United States geological survey, Washington, D. C. A survey of the ground water in Big Smoky valley, Nev., has recently been made by the geological survey and a preliminary paper on that valley will be issued within a few months. Similar surveys of other Nevada areas are being planned.

AMUSEMENTS

BUTLER THEATER

Again today at the Butler theater the patrons will have the pleasure of seeing the best comedian in the movies, Charles Chaplin. Chaplin will appear today in a Keystone comedy, "The Face on the Bar-Room Floor." This picture is one of the best that was produced while Chaplin was with the Keystone. A scream from start to finish. Thirteenth number of the "Exploits of Elaine." This is an excellent number in which Elaine gets into the hands of the Chinaman, Lou Sin. A fake medium is employed and Elaine is about to be sacrificed to the devil god, when Craig Kennedy, disguised as a Chinaman, rescues her. Lots of excitement. "The Red Signal," an episode of the "Hazards of Helen." This film is very well presented in every respect, with Helen Holmes figuring in several daring incidents. At one time she crosses a burning trestle to signal a train of impending danger. Vivid pictures of an actual washout are included in this number.—Adv.
